1. LOGIN TO SYSTEM

For login to the system you need to fill following information :

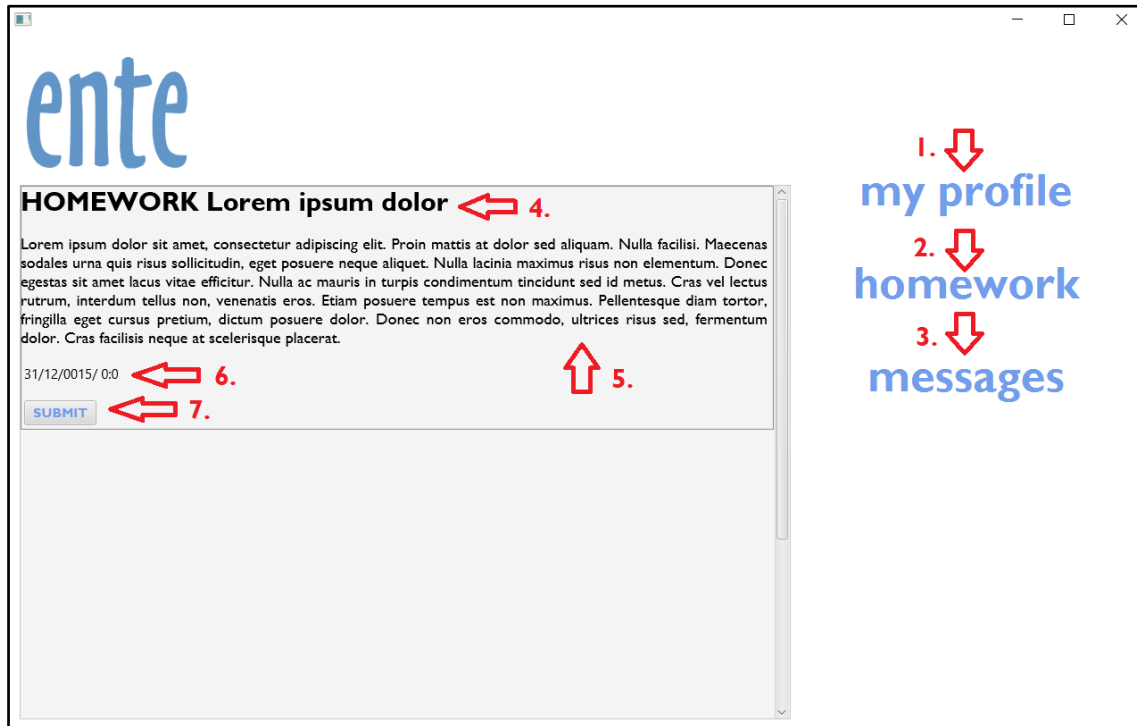

1.username(which is your email address) and **2.password**. Then press the button **3.login**.

If you forgot your password, click **reset password** which is under *login button*.

Then write your email address to an empty text field and you will received an email with a new password.

2. HOME PAGE FOR STUDENT AND HOMEWORK

The student main page contains **1.student's profile**, **2.list of homeworks** and **3.messages**. In main panel is displayed an example of homework. Every homework has **4.title**, **5.content**, **6.deadline** and **7.submit button**. As a student you must submit your homework until deadline above the *button submit*.

After pressing **7.submit button**, the new window will be open with **8.text area** where you can write your solution. Then click **9.submit** and your homework will be added to the system. The **8.submit button** will be changed to **edit button** and you can change your solution until deadline! If you want to go back, click ente logo.

3. HOME PAGE FOR PARENT

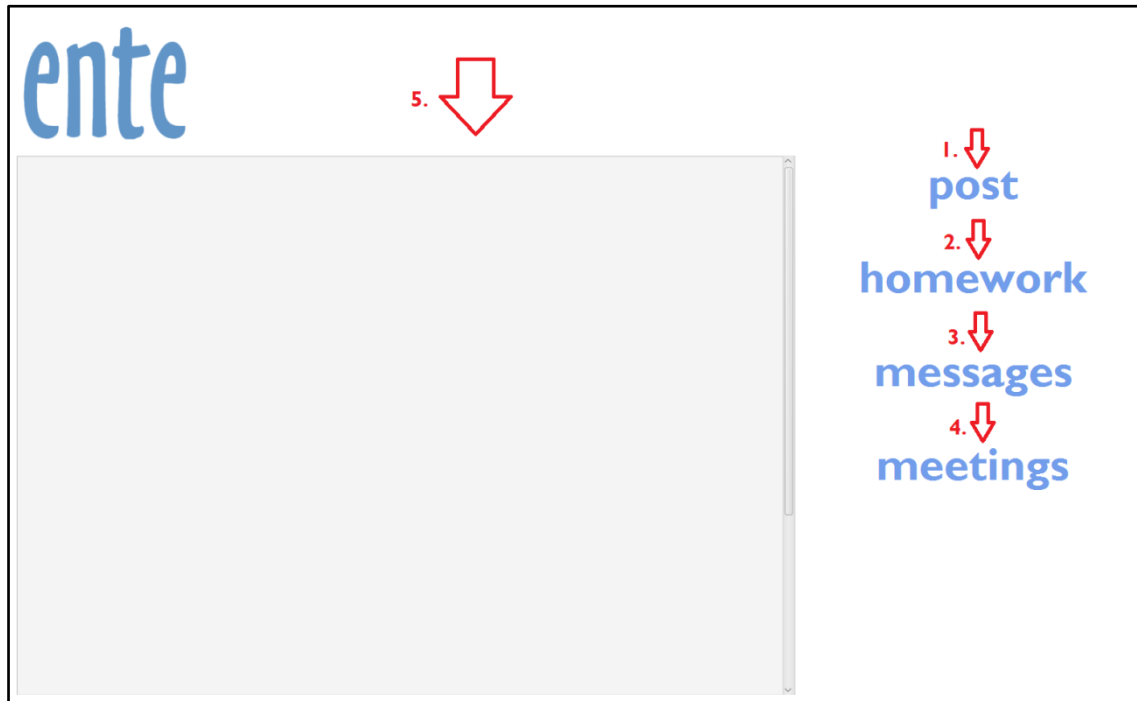

The parent main page contains **1. panel** with announcements, **2.child profile** where is an information about child and child's history of activity. As a parent you are able to check *homeworks* without uploaded solution.

3. teacher list which contains a teacher name and email address. **4. messages** and **5.meeting calendar**.

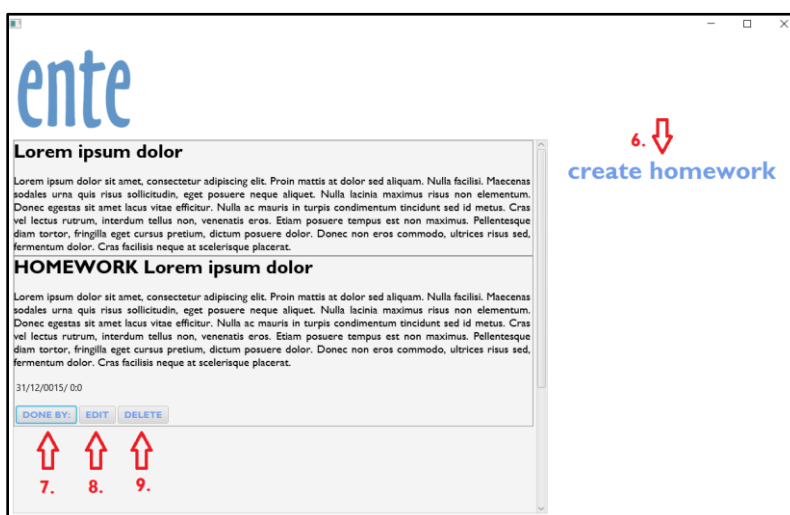

System doesn't provide functionality for parent. They will be added and explained later.

4. HOME PAGE FOR TEACHER

The teacher main page contains **1.post**, **2.homework** where you can create a new post/homework. *More information in the next page.* **3.messages**, **4.meeting calendar** and **5.panel** with announcements and homeworks.

After pressing **2.homework**, the new window will be displayed with an option to **6.create a new homework**. In already exist homework you can check **7.who done homework**, or **8.edit created homework** and **9.delete homework**. If you want to go back, click ente logo.

4.1. CREATE A HOMEWORK

The screenshot shows a web application window titled 'ente create homework'. The interface includes a logo 'ente' on the left, a title input field, a content text area, a deadline input field, a number of students input field, and a list of classes to choose from. Red arrows and numbers indicate the following steps:

1. Arrow pointing to the 'title' input field.
2. Arrow pointing to the 'content' text area.
3. Arrow pointing to the 'deadline' input field.
4. Arrow pointing to the 'number of students' input field.
5. Arrow pointing to the 'choose time' dropdown menu.
6. Arrow pointing to the 'choose classes' list, specifically highlighting the 'second' class.
7. Arrow pointing to the 'save' button at the bottom right.

In creating homework window every field has to be filled!

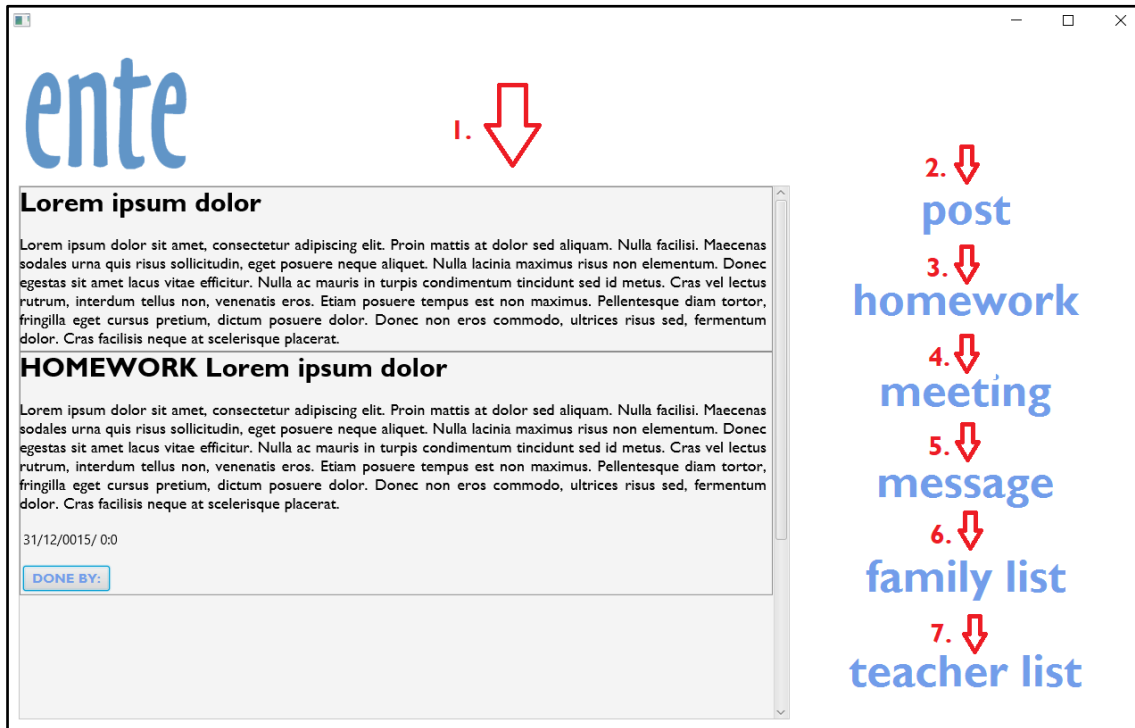

1.title of homework, **2.content** criteria of homework, **3.deadline** with **5. ending time**. **4.number of students** to delivered and **6.class**.

If every field was filled correctly, then you are able to save a new homework. The homework will be added to the system and displayed in teacher's and student's main panel.

If you want to go back, click ente logo.

5. HOME PAGE FOR ADMINISTRATOR

The administrator home page contains more functionality. **1.panel** with announcements and homeworks, **2.post**, **3.homework** where you can create post or homework. See more in *4.1 create homework*. **4.meeting calendar**, **5.messages**, **6.family list** and **7.teacher list** where are all information about users.

5.1. CREATE NEW STUDENT/PARENT

The screenshot shows the 'ente family list' window. It features a table with columns for 'name', 'email', and 'class'. The table lists several families, including 'Phill Boston, Kate Boston', 'Lucy Stamp, Simon Stamp', 'Dimitar Petrov, Angel Petrov', 'Katarina Golhova, Michaela Golhova', 'David Smith, Rebecca Smith', 'Martina Koch, Daniela Koch', 'Robert Pompa, Michal Pompa', 'ParentName1, ParentName2, StudentN...', 'Javier Molines, Remedios Pastor Molines', and 'Dominika Ciebien, Michal Ciebien, Fred...'. The table has a blue header row and a blue row selected below it. To the right of the table, there are six numbered instructions with arrows pointing to specific elements: 1. create family (points to the top right), 2. add student (points to the top right), 3. add parent (points to the top right), 4. delete family (points to the top right), 5. delete user (points to the top right), and 6. edit user (points to the top right). The table columns are labeled 8. (name), 9. (email), and 10. (class). The selected row is labeled 7. (create family).

The administrator is only type of user with privilege of creating a new users. The family list is located in the administrator main page.

In order to create a student or parent, their family has to be created first! First, press button **1.create family**. In the table will appear an **7.empty row**. Before you click **2.add student** or **3.add parent**, be sure that **7.empty row** is selected. (If it's selected, it changes color to blue).

The screenshot shows the 'ente new student' form. It has three input fields: 'name and surname', 'e-mail', and 'Second'. Below these fields is a 'save' button. The form is labeled with numbered instructions: 1. (name and surname), 2. (e-mail), 3. (Second), and 4. (save).

In case of new student, fill **1.name and surname**, **2.email address**, **3.class**. Then click button save. A new student will be added to the system and displayed in family table. In case of new parent fill **1.name and surname** and **2.email address**. If you want to go back, click ente logo.

5.2. EDIT USER

The screenshot shows the 'ente family list' window. It features a table with columns for 'name', 'email', and 'class'. The table lists several families and their members. Annotations with red arrows point to specific elements:

- 8.** Points to the 'name' column header.
- 9.** Points to the 'email' column header.
- 10.** Points to the 'class' column header.
- 7.** Points to the 'ente' logo in the top left corner.

To the right of the table, a list of actions is provided with numbered arrows:

- 1.** create family
- 2.** add student
- 3.** add parent
- 4.** delete family
- 5.** delete user
- 6.** edit user

Open **8.family name**, in family choose an user with **9.email** (and **10.class** in case of student) . Then click **6.edit user**. A new window will be open with old informations of chosen user. After rewriting informations, click a button save. The user will be overridden in the system and changed user will be displayed in the family table. If you want to go back, click ente logo.

The 'new parent' form contains the following fields and buttons:

- ente** logo in the top left corner.
- new parent** title in the center.
- A text input field containing 'Javier Molines'.
- A text input field containing 'javiquito@gmail.com'.
- A **save** button at the bottom.

5.3. DELETE USER OR FAMILY

The screenshot shows the 'ente family list' window. It features a table with columns for 'name', 'email', and 'class'. The table lists several families and their members. Annotations with red arrows point to specific elements: 1. 'create family' points to the top right; 2. 'add student' points to the top right; 3. 'add parent' points to the top right; 4. 'delete family' points to the top right; 5. 'delete user' points to the top right; 6. 'edit user' points to the top right; 7. A red arrow points to the first row of the table; 8. A red arrow points to the 'name' column header; 9. A red arrow points to the 'email' column header; 10. A red arrow points to the 'class' column header.

name	email	class
▶ Phill Boston, Kate Boston		
▶ Lucy Stamp, Simon Stamp		
▶ Dimitar Petrov, Angel Petrov		
▼ Katarina Golhova, Michaela Golhova		
▼ Parents		
Katarina Golhova	katkagolhova@centrum.sk	
▼ Students		
Michaela Golhova	michgolh@gmail.com	Fifth
▶ David Smith, Rebecca Smith		
▶ Martina Koch, Daniela Koch		
▼ Robert Pompa, Michal Pompa		
▼ Parents		
Michal Pompa	michpomp@gmail.com	Second
▶ ParentName1, ParentName2, StudentN...
